

# Edun Connect+

Elevate your MATs recruitment processes and join the recruitment revolution with Edun Connect+

# Visibility for MATs just got a serious upgrade!

The market leading candidate engagement platform for education recruitment has evolved for seamless connectivity with MATs and schools leaders; connecting the temporary and permanent workforce like never before.

Edun connect revolutionises a MATs ability to make informed recruitment decisions irrespective of the suppliers they work with through frictionless technology.

Aggregate all suppliers & workers on to one unified platform providing richer data overviews, instantly.

**I've been in the sector almost 15 years as a Compliance Manager and I can honestly say Edun is the best product on the market. Also, the service of their team to help with changes etc is second to none"**

**Michael**  
Edun Customer

# School leaders empowered with the information they need, no compromise!

In a world of technology there is not one unified platform that allows MATS and schools true oversight of agency spend in one report; Leading to inflated cost & underinformed decision making.

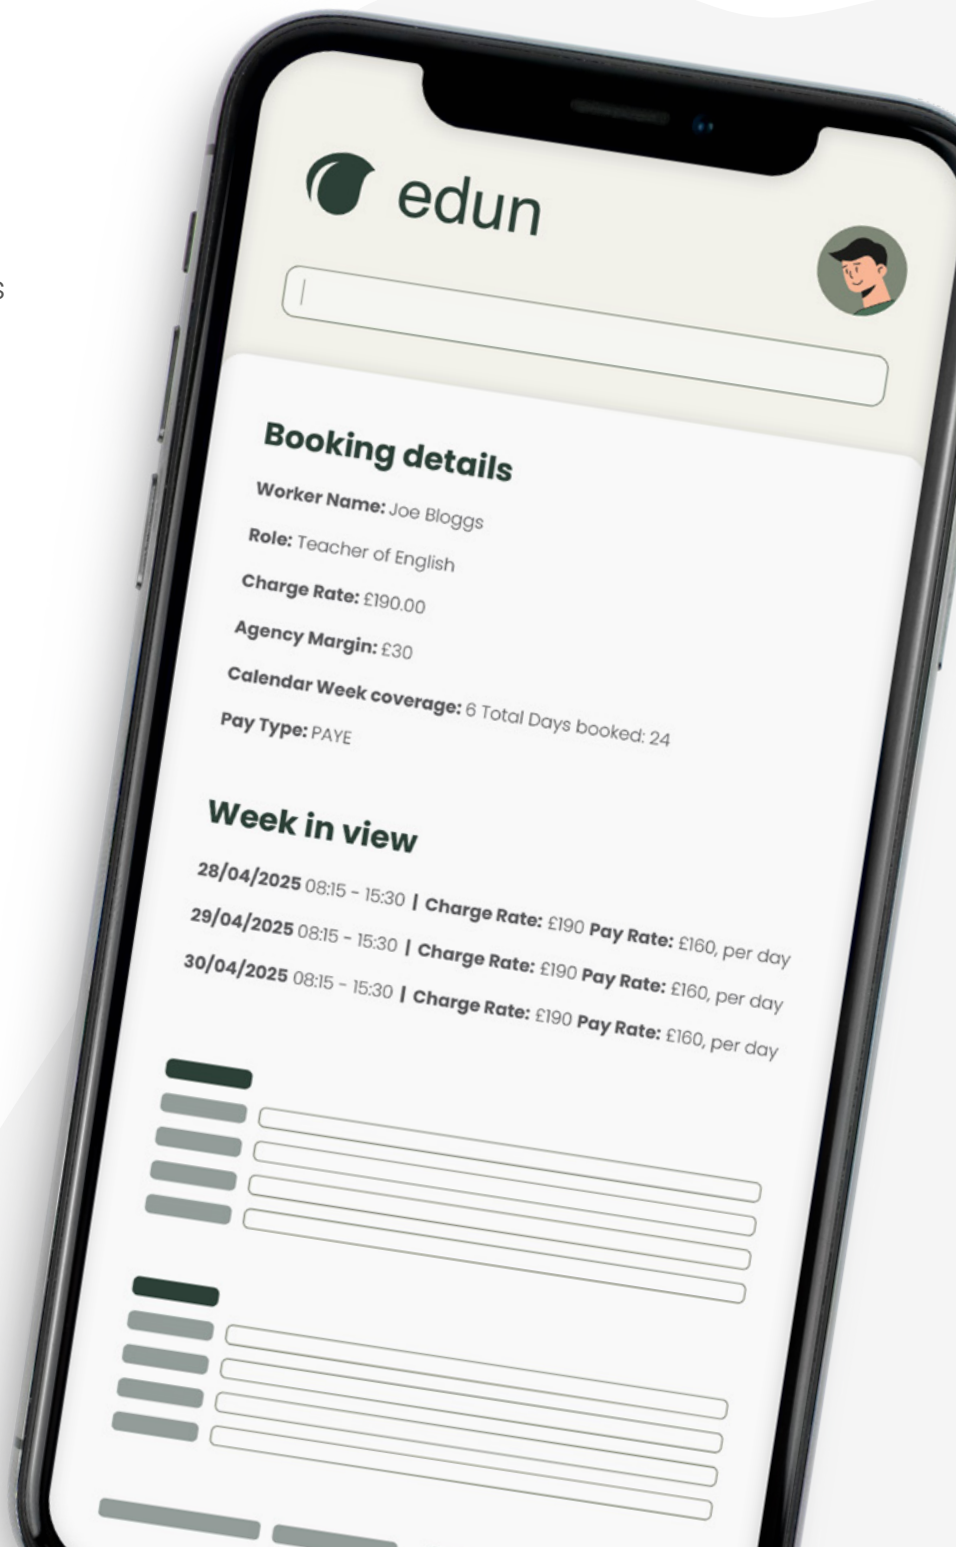

Edun connect+ seamlessly aggregates all agency candidates on one platform accessible by both individual schools and MAT central teams.

Edun Connect+ provides complete oversight of candidate pay & charge Rates as well as agency margin, contract type and compliance snapshot. Giving schools complete visibility to compare, collate and report.

**If you are in education recruitment, give this a demo. Its a fantastic system and I've used quite a few over the years. There are some great CRMs out there, but this is by far the best I've used to date"**

**Jacqui**  
Edun Customer

# Limitless reporting, total clarity

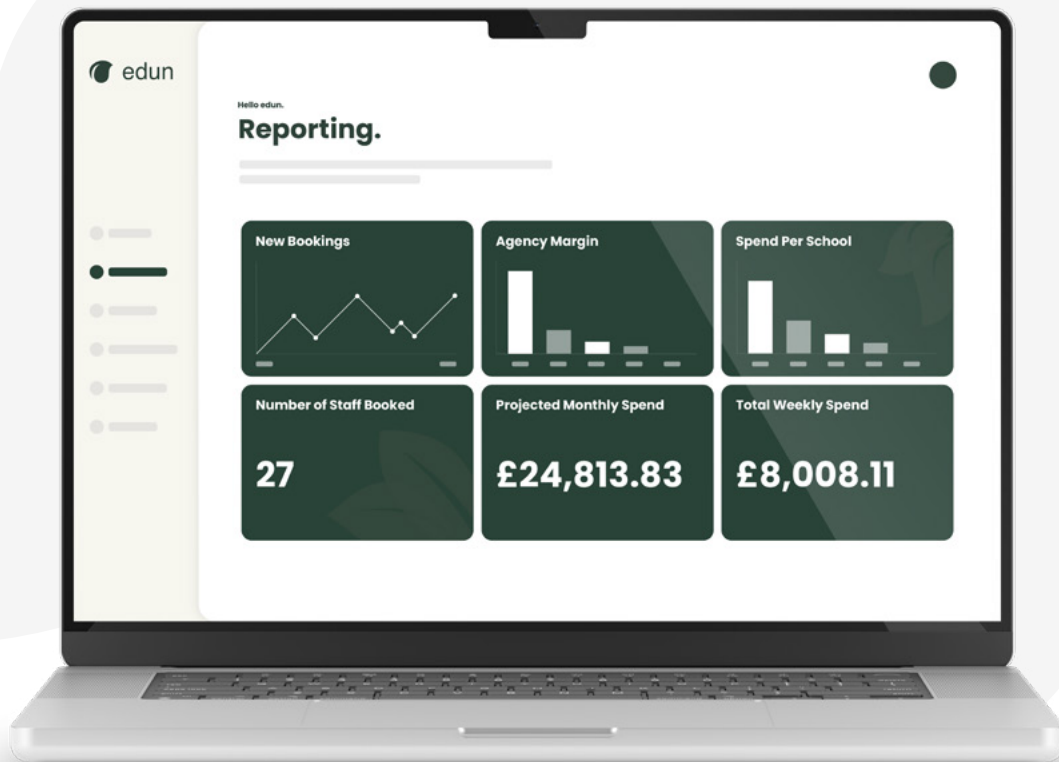

## Problem

All too often schools and MATS have to collate data from numerous suppliers manually. Existing tech platforms supply only the information relevant to the supplier providing the access with no understanding that in today's market it is rare for Mats to only work with one provider.

## Solution

**Bespoke reporting dashboards** that allow you collate and report on Charges, margin, total spend per school and at MAT level. Additional compliance reporting for candidates booked across all agencies to ensure adherence to safer recruitment standards.

# Unifying recruitment and vetting standards

## Problem

**Inconsistent vetting standards** between agencies create safeguarding risk. Each provider has slight variations in the recruitment process.

**Recruitment bottlenecks** – lengthy hiring process increasing cost

**Hiring permanent workers takes schools on average 6-8 weeks**

## Solution

Seamlessly integrated with a national network of 70+ agencies already using edun CRM to recruit and book candidates. Merge vetting profiles at a the click of a button from the agency to the school reducing admin processes by 30%.

Utilise candidate compliance workflows for both internal and external staff regardless of the source of the applicant. One Safer recruitment standard for all workers.

### Platform Statistics:

**70+ Education Recruitment Agencies**

**National Covering**

**240+ thousands candidates**

**13,000+ active bookings**

**Safer Recruitment Verified**

# Empower schools to create individual staffing banks

## Problem

Over reliance on recruitment agencies to book & manage staff availability; no solutions available to book staff from multiple different providers OR maintain visibility of non agency candidates.

## Solution

Creating staffing banks with the same agility as recruitment agencies with no agency involvement. Re-book recent workers from numerous different agencies. Keep clear oversight of frequently booked candidates and allow workers to quickly accept or reject assignment requests.

**Some of your favourite agencies are already using Edun to book your workers, now you can too!**

# Applicant tracking & collation

## Problem

Disconnected systems create friction, training challenges and recruitment bottlenecks.

Workers rarely have access to the same systems as the school or recruitment agency creating further difficulty in the communication of key messages.

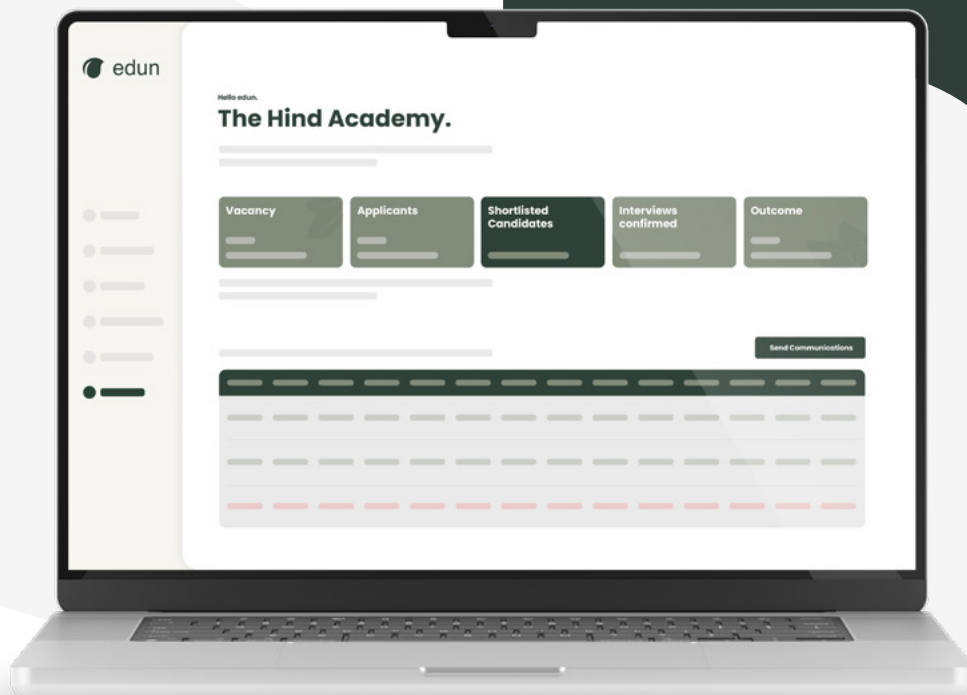

## Solution

In built applicant tracking system and end to end document submissions allowing for clear oversight of new applicants to direct vacancies, interview shortlist and compliance journey.

Connect to your current favourite jobs boards to ensure frictionless onboarding.

Downloadable worker app for temporary workers to stay in the loop with instant notifications.

**One unified system for schools, workers and agencies.**

# Freedom to choose openly in a fragmenting market

## Problem

MATs should be free to work with providers who supply the best workers without worrying about contractual terms of Master Vendors, CCS or Preferred Suppliers.

Current tech solutions tie MATs in to using specific suppliers making recruitment difficult when those suppliers cannot help and potentially causing contractual disputes where they shouldn't exist.

**The number of new agencies in your local area is increasing at a rate of 15% per term. Frameworks cannot keep up with where the best recruiters are heading. Edun does, so you don't have to!**

## Solution

Edun does not bind MATS and schools to using specific suppliers **but does allow instant, deep integration** to a national network of 70+ education recruitment business's already using the platform. Giving MATs the freedom to make important recruitment decisions with no contractual burden.

# Find out more

Connectivity is closer than you think & its powered by Edun.
